

J/24 RACE FALL SERIES

AUGUST 24

We used two courses this evening and there were 14 boats racing. The first course used two dropped marks with a course axis of 240. The second race used mark R for its windward mark and a dropped mark for its leeward mark. The first start of the first race resulted in a general recall. All boats started correctly on its second attempt. All boats were clear at the start of the second start. The second race was shortened and finished at the leeward mark.

There were no protests reported to the race committee this evening.

The Fleet was well represented by Mike Campbell and Lauren Cotta of J24 1948 (Eskimo Sisters).
