

J/24 RACE

MAY 25

Perry Lewis was the PRO this evening. We ran two races this evening. Both used approximately the same course (8(p)p Tetrahedron(p)) but the second race had a shorter downwind leg. The results of tonight's racing are attached. The conditions this evening were challenging. The wind was from the northeast and oscillating. It was raining and foggy. The tide was coming in and pushed the Fleet across the line several times. Hence, the first race had three general recalls. The second race had two general recalls. There was an individual recall (4453) during the start third start of the second race.

The Fleet was well represented by Nick Pasyanos (2773 Insatiable).

There were no protests reported to the Race Committee this evening.
