

J/24 RACE

JUNE 1

Perry Lewis was the PRO this evening. We were only able to run one race because of delays incurred by wind conditions. Our initial course was 4p 6P but the start was postponed because of a wind shift. The starting line was adjusted and the course was changed to Tetrahedron (p) 6p. However, this start was also postponed because of failing and shifting wind. The wind fell below 2 knots and we delayed the start of the race waiting for the wind to fill in. The wind did pick up but also shifted and the course was changed to Qp 6p. We were able to start a race using this course and this was the only race of the evening.

The Fleet was well represented by Chrissy Delfosse and Hannah Lasorsa of J24 2599 (Quirky).

Sail number 3360 displayed a red protest flag. After their finish, 3360 hailed the race committee and lodged a protest against 4453.
