

# J/24 RACE

JUNE 15

We ran three races this evening. The results of the evening's racing are in the attached file. The start of the first race was delayed to adjust the starting line. All of the races used the same course which was 2p Sp. All boats started correctly for the first two races. The result of the first start of the third race was a general recall. A minor adjustment was made to the starting line after the general recall. All boats started the third race correctly the second time it was started.

There were no members of the Fleet with the race committee this week.

No protests were reported to the race committee this evening.
