

The Navy declined to allow their Shields to sail on Wednesday on the grounds that visibility was below 1 mile. Yes it was foggy initially but we set 2 and B twice round with a finish near Ft Adams. The fog did return just after the finish.

One protest - 181 vs 166 Dr. Wallace put in for redress request for the 3 navy boats to get average points for the Spring series on the grounds that, through no fault of their own, they were prevented from getting to the starting area. 74 did not show for race committee duty.
